The report **“Global Soda Ash Market, By Application (Chemicals, Glass, Detergents and Soaps, Metallurgy, Petroleum, Pulp and Paper, Water Treatment and Others), and, By Region (North America, Europe, Asia Pacific, Latin America, and Middle East & Africa) - Trends, Analysis and Forecast till 2030”**

Key Highlights:

- In 2021, Soda ash business has turned the corner for Tata Chemicals and volumes grew for the second consecutive quarter on a year-on-year scale. Prices in the spot market are rising and the company expects this to percolate into sale agreements in coming months.

Analyst View:

The increasing demand for soda ash in water treatment and environmental applications for improving the alkalinity of lakes and controlling the pH of water has promoted the growth of the global soda ash market. However, availability of soda ash substitutes, namely caustic soda, sodium silicate hampers the growth of soda ash market. Increasing demand from end user industries, such as glass and soap & detergents, building and construction fosters the global soda ash market.
