

Bean Bag Chairs Market is estimated to be US\$ 7.3 Bn by 2030 with the CAGR of 4.3% during the forecast period

Bean Bag Chairs Market accounted for US\$ 4.8 Bn in 2019 and is estimated to be US\$ 7.3Bn by 2030 and is anticipated to register a CAGR of 4.3. The Bean Bag Chair is also known as Sacco chair, Piero Gatti, Cesare Paolini, and Franco Teodoro developed a huge fabric bag packed with polystyrene beans. Because the shape of the object is determined by the user, the product is an example of an anatomic chair. Sacco was introduced in 1968 by three Italian designers, the object was created in the Italian Modernism movement. Leather, suede, corduroy, and imitation fur are just a few of the materials that can be used to make bean bags. Bean bags made of polyester are waterproof and can be used outside. Giant bean bags can also be used as a low-cost substitute for a sofa or couch. Bean bags come in a range of sizes and shapes, including infant bean bags that are proven to soothe babies with colic. They are also known to aid in the treatment of plagiocephaly, or flat head syndrome, in infants.

Key Highlights:

- In Nov 2019, Moon Pod was designed on the basis of a simple consideration. Moon Pod is uniquely engineered to support any body shape by making you "float". Filled with responsive high-density beads, the Moon Pod mimics the sensation of Flotation Therapy by keeping your body elevated and relaxed, as if you're on a cloud. Moon Pod is a zero gravity Bean bag for stress and anxiety.

Analyst View:

The construction industry's rise is a major driver of bean bag chair demand. Furthermore, in the next years, an increase in demand for premium home furnishings is likely to enhance bean bag chair sales. Additionally, supportive government measures for the development of residential buildings, together with an expanding middle-class population, are likely to drive market expansion. The market for indoor and outdoor bean bag chairs will be driven by increased penetration and product exposure. A prominent trend in the home décor sector is the growing customer need for more flexible living spaces.
